November 2021

Introduction

This Consultation Statement has been prepared to fulfil the legal obligations of the Neighbourhood Planning Regulations 2012. Section 15(2) of Part 5 of the Regulations sets out what a Consultation Statement should contain. According to the Regulations, a Consultation Statement:

- a) contains details of the persons and bodies who were consulted about the proposed neighbourhood development plan;
- b) explains how they were consulted;
- c) summarises the main issues and concerns raised by the persons consulted;
- d) describes how these issues and concerns have been considered and, where relevant, addressed in the proposed Neighbourhood Plan.

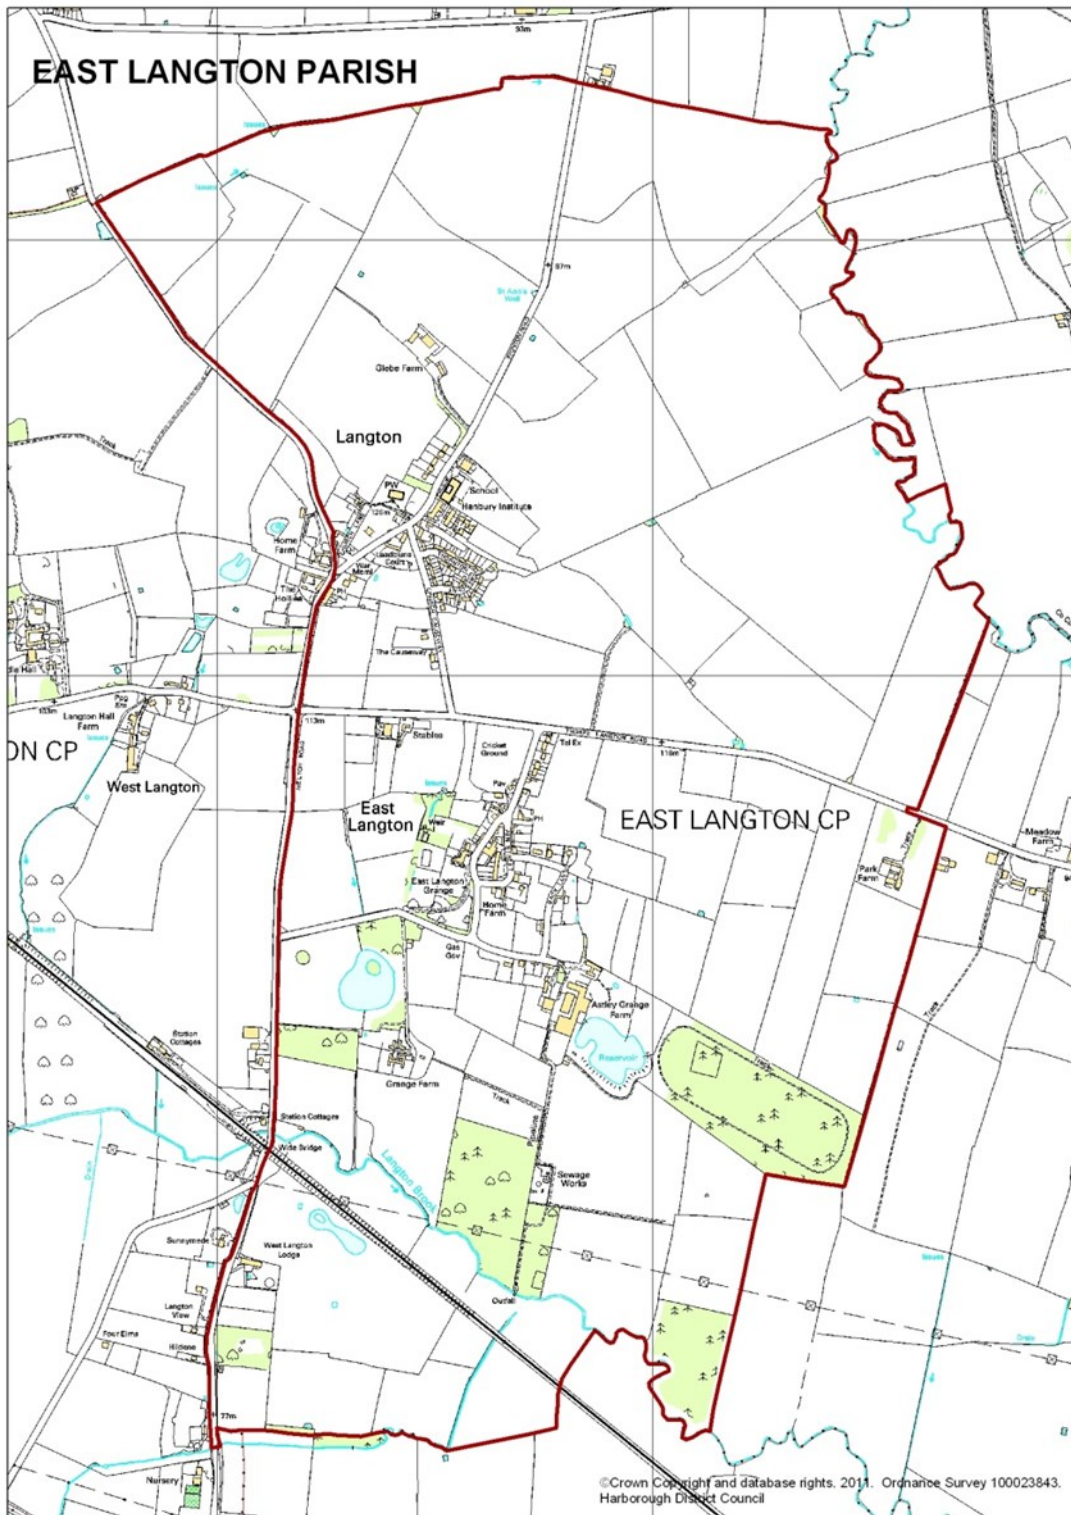

The purpose of this document

This document provides a record of the engagement that took place regarding the East Langton Parish Neighbourhood Plan area and related Neighbourhood Planning body. The main methods used to publicise the engagement process are also documented, along with the main findings from the engagement.

The East Langton Parish Neighbourhood Plan passed Referendum on 21 June 2018 with a vote in favour of 90% and a turnout of 41%. This consultation statement has been updated to take into account engagement activities during the course of the preparation of the Review document.

A formal engagement period provided members of the public and other key stakeholders an opportunity to submit comment on the proposed neighbourhood plan area and proposed neighbourhood planning body for East Langton Parish. The proposed neighbourhood planning body was East Langton Parish Council and the neighbourhood planning area is shown in Fig 1.

Regulations and Government Guidance:

Stage 1: Defining the Neighbourhood

The local community was required to decide how they intended to work together to undertake the production of the Neighbourhood Plan. East Langton Parish is a 'parished' area therefore, the Parish Council has led on the neighbourhood planning process.

The Parish Council applied to the local planning authority to designate the neighbourhood as identified above.

Harborough District Council checked that the application was appropriate and undertook the appropriate notification process. The designation was made on 9 October 2013.

Stage 2: Preparing the Plan

The Parish Council were engaged in order to pull together and prioritise their early ideas and start to draw up their plans.

The Parish Council ensured that the preparation of the Plan was:

- Generally in line with local and national planning policy framework;
- In line with other legal frameworks;
- Mindful of the need to contribute to sustainable development;
- Prepared on the basis of sound governance arrangements.

The East Langton Parish Neighbourhood Plan seeks to establish specific and local planning policies for the development and use of land in the Parish. The Neighbourhood Plan establishes policies to meet local need taking into account strategic planning policies, the data gathered through community engagement and consultation alongside demographic and socio-economic data.

The decision to undertake a formal review of the Neighbourhood Plan was taken by East Langton Parish Council in late 2019.

General

Throughout the Plan's development we have liaised with Officers from Harborough District Council to ensure not only that emerging Policies are in general conformity with the existing Local Plan.

The Neighbourhood Plan Review has taken into account the latest evidence of housing need used in preparation of the Local Plan.

The draft Neighbourhood Plan (Review version) is now ready to be submitted to Harborough District Council who will publicise it for a further six weeks and then forward it, with accompanying documents and all representations made during the publicity period, to an Independent Examiner who will review it and check that it meets the 'Basic Conditions'.

The Examiner will discuss the significance of the modifications within the Review version of the Neighbourhood Plan compared to the original Neighbourhood Plan with Harborough District Council before a decision is taken about the need for a Referendum.

If needed, the referendum question will be a straight "yes" or "no" on the entire Plan, as set out

by Neighbourhood Planning Regulations. People will not be able to vote for or against individual policies. If 50% or more of the electorate vote for the Plan, it will be brought into force ('Made') and become part of District-wide planning policy.

Conclusion

This Consultation Statement and the supporting Appendices are provided to comply with Section 15(2) of part 5 of the 2012 Neighbourhood Planning Regulations.
